3 March 1964

Dear [redacted]

It is my personal desire to express appreciation for your cooperation in arranging for key employees of your organization to participate as members of the Special Working Panel during the period 13 November 1963 to 3 February 1964.

These gentlemen worked diligently and effectively, and their efforts are particularly noteworthy in view of the personal sacrifice and inconvenience frequently involved.

As you may realize, their efforts have been in the highest National interest and I believe the results of their work should serve as a firm technical foundation for further progress in this extremely complicated and sophisticated area.

Sincerely,

Albert L. Wheelon
Deputy Director
